

# Learning at Home

## Letter 5

15.05.2020

Healthy choices for Louis

Toby's tasty birdfeeder

Hello Everyone,

This week the newsletter comes with a great activity suggestion from Mrs Coombes about what to look out for at Mincinglake Valley Park. She has been walking there and took her camera to make two spotter sheets for you to enjoy. Have you ever been to Mincinglake for a walk ?

Download the spotter sheets from your yeargroup page on the website or take one from the folder on the fence by the school gate or from under the Nursery porch.

Fresh air, space and nature can boost your mental and physical health. Being outside is good for us all isn't it?

Stay well everyone and keep sending your teachers inspiring photos like these ~ from Mrs Mackay

Imogen's African underwater scene.

Naomi is proud of her cheetah fact file!

Who is Frankie sending a letter to I wonder?

Khadijah, enjoying drawing beautiful pictures

Do you remember our **1,2,3-4-5 Always Try** song? Why not sing it to yourself if you feel a bit stuck with your learning or doing something at home? It goes like this...1,2,3-4-5- Stoke Hill children always try, 6,7,8-9-10 they try and try and try again!

This weeks good idea is from Mrs Okey. She has been enjoying reading stories for the Year 1 page on the website but said "children can visit any yeargroup page and hear lots of stories **every single day!**"
