

Learning at Home

Letter 7

05.06.2020

Hello Everyone,

I hope you all enjoyed the sunshine at half term. Can you see how much the residents and staff at the Lilac's and Rectory retirement homes enjoyed your gifts? Kelso is giving you a 'well done' clap.

Miss Taylor took your gifts home to package up and then almost filled the back of her car. She drove to the supermarket to buy flowers, chocolates and things like bubble bath and hand cream with the £130 that was pledged. Both retirement homes had a **very** special delivery that week!

If you sent in a photo you can look at it if you click here <https://clickv.ie/w/Siln> So thank you everyone, grown ups in your family especially for supporting this home learning activity which has spread so many smiles.

Enjoy the weekend and logging onto the website on Monday, where home learning will look new as we launch our whole school project '**Let's Go Wild**'. We are a school in two places at the moment aren't we? But whatever year group you are in, and wherever you are learning, we can all enjoy this project about the natural world **TOGETHER** ~ from Mrs Mackay

Here are photos of one of the residents arranging the flowers bought with your pledged money. Look how pleased another resident was to receive a letter and pictures.

Money pledged totalled
£130

THANK YOU for
doing all those jobs!

This weeks good idea is from Mrs Ford, she says keep visiting the Nursery's porch to change your Guided Reading Book. There will be new books about nature in the book tower which will be good to read for our new project.
