

# Stoke Hill Infant & Nursery School Main entrance

## 'Lets Go Wild!'

We hope that in the rain or in the dry you have been able to get out and about to discover some of the amazing creatures that live so close to us.

Across the school, wherever you are, we hope that you will enjoy the project and that you will send your teachers some great photos.

## Project Learning Letter

12.06.2020

We appreciate that learning at home is something that children are having to continue with, and this probably seems like it is going on for a long, long time...

We've been thinking of you all and hope that when, through your letterbox, a big envelope arrives, you will enjoy the learning resources enclosed.

~ have a great weekend ~

	Tally chart!	total
minibeast		
Butterfly		1
